DESCRIPTION OF THE COURSE

Grade 6 Social Studies Course introduces the basic tools and concepts of geography such as Earth's physical features, people's ways of life, cultures, types of governments, and the world's natural resources.

This course is structured under the following main organisers:

- Time, Continuity, and Change
- Connections and Conflicts
- Geography and Culture
- Society and Identity
- Government
- Production, Distribution and Consumption
- Science, Technology and Society

Students will develop their understanding of the world by learning about other people and their values, in different times, places and circumstances. They will also develop their understanding of their environment and of how it has been shaped. Students will learn about human achievements and about how to make sense of changes in society, of conflicts and of environmental issues.

To achieve this goal, students will be engaged in a variety of experiences and interact with their peers in teams through the usage of a range of Social Studies materials. In addition, students will apply the blended learning model, that is combining the traditional classroom methods with independent study. Students will have the opportunity to work in teams on projects, face to face learning, and online learning involving technology.

SOCIAL STUDIES EXPERIENCES AND OUTCOMES

The experiences and outcomes in the Social Studies Course will enable students to understand:

- patterns of change and continuity, relationships between people and events through time, and various interpretations of these relationships.
- causes and effects of interaction among societies, including trade, systems of international exchange, war, and diplomacy.
- under the interactions and relationship between human societies and their physical environment.
- cultural and intellectual developments and interactions among societies.

- social systems and structures and how these influence individuals.
- understand why societies create and adopt systems of governance and how they address human needs, rights, responsibilities and citizenship.
- fundamental economic principles and ways in which economies are shaped by geographic and human factors.
- how societies have influenced and been influenced by scientific developments and technological developments.
-

MISSED WORK DUE TO TARDINESS OR ABSENCES

For every day a student is excused, tardy or absent, they will have two (2) school days to complete any work from the missed class(s).

All assignments and paperwork that was due at the beginning of the missed class (e.g., homework, projects, reports, signed papers, etc.) will be due on the day of return. For example, if a project was due on a Monday, and the student was absent, that project is due upon the day of return.

Students have a responsibility to ask the teacher for any missed work from their absences.

If a student has any extenuating circumstances or needs additional time, that student may speak with the teacher about an extension at the teacher's discretion. Any work not completed by the time agreed upon will be considered late or missing and fall under those circumstances in the course outline.

Positive/pleasant/polite behaviors articulated govern how members of the TIPS community are expected to treat each other.

Prepared/punctual/productive behaviors guarantee academic success. A mark out of 10 will be awarded each class based on these criteria:

Positive/Pleasant/Polite

- 1) Do I speak positively about myself, my peers, my teachers and my school?
- 2) Do I always respond positively to adult requests?
- 3) Do I look for opportunities to help others succeed?
- 4) Do I use good manners?
- 5) Am I considerate of the point of view of others?
- 6) Am I a courteous and attentive listener?
- 7) Do I treat the environment respectfully and gently?
- 8) Do I go out of my way to include others in the activity, especially those not part of my circle of friends?

Prepared/Punctual/Productive

- 1) Do I bring all required materials to class?
- 2) Am I on time for class and ready to begin work at the bell?
- 3) Do I participate fully in all the learning activities?
- 4) Am I on task without a teacher's supervision?
- 5) Do I work at a challenging level?
- 6) Do I find ways to assist my peers in their learning?
- 7) Am I supportive of the efforts of my peers in the classroom?
- 8) Do I take care of my own health so I am fully engaged in learning?

2) Quizzes – 20% of the student's grade.

Short assessments between 5-10 questions, taking 5-10 minutes to complete. Quizzes are formative assessments used to check students' progress throughout the course.

3) Daily work – 25% of the student's grade.

Daily work is anything students complete in class and directly linked to the objective for the lesson.

4) Projects – 25% of the student's grade.

Assignments are longer tasks, designed to practice skills including research, organization, group work, and presentation. Projects will usually take more than one class period to complete and will involve completing some of the work outside of class time.

5) Progress Tests – 20% of the student’s grade.

Progress Tests are summative assessments given at the end of a unit and cover all the material learned in that unit.
