Grade 6, English Language Arts Course Outline  
2022-2023  
Mr. Cook - Room # 21

#### DESCRIPTION OF COURSE

Grade 6 English Language Arts topics include Listening, Speaking, Reading and Writing. This course introduces the main literary genres such as Fiction and Nonfiction, Short Stories, novel study and more. We will follow the 6th grade Common Core Standards throughout the year and students will be assessed on their mastery of the standards <http://www.corestandards.org/ELA-Literacy/>. During the year students will learn the different ways one can analyze fiction and nonfiction stories. Students will improve their ability to write and respond to writing prompts. The hope is that students will support their answers to writing prompts by citing evidence from texts and other resources. Students will learn the difference between information that has credibility and sources that are not as reliable. Additionally, we will work on improving student's grade level vocabulary, spelling, and grammar skills.

#### STUDENT EXPECTATIONS

- The class will follow the TIPS's 6Ps expectations and work to the best of their ability.
- Students are expected to engage with the class or lesson and complete assignments to the best of their ability. Students that do not feel the need to complete assignments or participate in class activities will not be permitted and may receive a low grade for 6P.
- Students are to respect themselves, each other, and their environment.

- If there are any issues or problems that interfere with a student's ability to participate in the class that day, the student needs to speak with the teacher before class starts to make necessary accommodations. Classwork will still be expected to be completed on time.
- School issued materials (e.g., textbooks, workbooks, etc.) are expected to be maintained and respected during the year. Any books or materials found damaged, unusable, not returned by their due date, or damaged outside of normal wear and tear will be the responsibility of the student to replace or pay for the costs of the mishandled materials.
- Students are to arrive on time and may not leave the class without permission.
- All work is to be answered in complete sentences. There should never be a one word response to a question.

#### Start of Class

Students are to arrive with all needed materials for the day. Students enter at a Level 1 and read the board for the day's activities. Unpack all needed materials and write down any information for their agenda. All due work or assignment must be submitted at the start of class. #### Late or Missing Class Assignment, Test, Projects, work, etc.

There are times when assignments may not be able to be completed on time or go missing. In the event of these situations **the student needs to speak with the teacher on how to accommodate the student's needs. The teacher will decide an updated submission date and consequence for the late or missing assignment with input from the student.** Any incomplete class work will receive a zero (0) in Quickschools.

The student will receive at minimum partial (at least 50% of the grade/points) credit for **fully and accurately completed work**, if submitted no less than one (1) week before the end of the semester.

No late or missing work will be accepted one (1) week before the end of the semester to allow the teacher time to grade and submit grades into Quickschools.

Any work not submitted one (1) week before the end of the quarter will receive a zero (0%) percent/points for the assignment.

Any work due one (1) week before the end of the quarter will be used for the following quarter's grade. No late work will be accepted for the final quarter of the school year and a zero (0%) will be issued.

The teacher reserves the right to not accept any missing or late work if the student has a pattern of such behaviors or is not working to their full potential.

#### Cheating/Plagiarism on Assignments or Assessments

Students are expected to produce their own work in order to show their individual level of understanding. Students that are caught cheating, copying, looking at, or using other materials other than their own

work will not be tolerated. Students need to understand the severity of plagiarism, and how important academic integrity is to their educational path and to their educational institution. Students who submit any work that is not fully of their own ability will receive a zero (0%) for the assignment or assessments. Students may need to complete an alternative assignment or assessment for the teacher to demonstrate their understanding of the content. Zero (0%) issued due to cheating/plagiarism will not be changed, modified, or accommodated.

Low test or class work grades exceptions

Any student that earns a grade of D (65%-69%) or lower may ask for an alternative assessment or assignment, at the teacher’s discretion. Students that want to attempt a better grade on one of their assignments or assessments may ask for an alternative–additional assignment or assessment, at the discretion of the teacher. Students may complete such agreed upon assignments or assessments for an updated grade. This exception will not be allowed for class work, assignments, or assessments if a student was deemed cheating, was not of their own work (e.g., cheating or plagiarizing) or a student that is not working to the best of their ability in class.
