COURSE DESCRIPTION

The Yearbook course allows students the opportunity to compile memories from the year, interact with all students of the school, use technology in a meaningful way, and share a finished product that will be appreciated by everyone.

The course will not only focus on learning ICT and creativity skills, but also focus on learning photography skills that will be used to produce great content for the yearbook. The program that will be used to create the Yearbook will be Canva, which will challenge students to combine text and photos to create pages. Students will also learn collaboration skills as the Yearbook will be a year-long group project.

Every student will work on their own laptops and are required to have access to Canva and Google Drive. The instructions related to the course will be posted on google classroom (https://classroom.google.com/c/NDk3NTU4NjAyMzgz). Students will be given permission by the teacher to use personal devices to take pictures for the yearbook. Before taking any pictures with a personal device for an event for the yearbook, the student must first ask and confirm that they have permission from the teacher to do so.

STUDENT EXPECTATIONS

Students are expected to bring the following materials to class each day:
- Accordion binder with agenda inside
- Pencil Case (pencil, pen, eraser)
- Any related handouts from teacher
- Water bottle

- Charged laptop or tablet
- Any materials for accommodations (e.g. noise-canceling earbuds)
- Work due
- Personal device for photo-taking (with teacher permission)

Immediately after the class starts, the students should look at the board and follow the teacher's instructions written on the board.

Students are allowed to drink closed drink bottles in the classroom. Water and sports drinks are preferred. Cans are not allowed in the classroom. Food is also not allowed in the classroom.
