

Tokyo International Progressive School
Art Course Outline
2022-2023
Ms. Lyn Sato, Common Room

DESCRIPTION OF COURSE

In art class you will have an opportunity to express yourself with design. Many of our projects will use watercolor paints. Each week brings a new project.

STUDENT EXPECTATIONS

When you come to art class, only bring a pencil and eraser. If you are seated with your pencil and eraser when the bell finishes ringing, you are on time.

You may need to get out of your seat sometimes for supplies. This is fine. No need to ask for permission to do this. Stay in the classroom unless you have permission or are doing a set-up or clean-up art job.

Do not bring food to art class. You may use your water bottle for a drink.

EARNING YOUR GRADE

Your grade will be determined by your work in the category of 6P's, which are

Prepared, punctual, productive, polite, positive, pleasant, meaning

Prepared: bring a pencil and eraser to class.

Punctual: When the start bell rings, I should see you doing your art job or in your seat.

Productive: Use your time wisely in class. Do your art job.

Polite: Use courteous words and body language with your classmates and teacher.

Positive: When speaking about your own artwork or the artwork of others, use positive language.

Pleasant: Work with others to create an atmosphere everyone wants to work in.

You will be given a set-up and clean-up assignment. Your grade for the day will reflect how well you did the assignment and how you worked on your project.
