Tokyo International Progressive School
Project Design Outline
2023-2024
Ms.Koh, Room 33

DESCRIPTION OF COURSE

This course has been designed for students to design a project on a topic of their interest. The course will be based on the method called design thinking, which is a method that is used by designers to help them create a solution to a problem. Students may work on one specific project throughout the year or may choose to work on multiple projects.

STUDENT EXPECTATIONS

Students are expected to enthusiastically contribute in class discussions and in all tasks in order to design a solution to a problem they are interested in.

EARNING YOUR GRADE

Your grade will be determined by your work in these categories:

6P (Positive, Pleasant, Polite, Prepared, Punctual, Productive) This will be a grade given based on the student's performance during class every day. - Be POSITIVE by speaking positively - Be PLEASANT by using good manners and treat others with respect - Be POLITE by helping others and helping clean the classroom - Be PREPARED to learn - Be PUNCTUAL by being ready and completing work on time - Be PRODUCTIVE by participating in learning activities	70%
Project Longer-task assignments that are designed to demonstrate learned concepts.	30%
